

# UNPLOWEDGROUND

Kelly and April Crull  
January 11th, 2006

**HAPPY NEW YEAR.** Even though this is a new year, we thought we'd start with a blast from the past. We spent the holidays with our friends in Madrid and were excited to see what has been going on there since we left and thought that you would all appreciate a "rest of the story" about the ministries we were involved with there.

The purpose of Christian Associates is to plant churches and to multiply churches. As you may remember, ever since Mountainview's beginning in Madrid, it has been in two locations - the city centre and the northwest suburbs. This fall, it was decided that those two developments were at a place where they were ready to become **TWO DISTINCT CHURCHPLANTS** and so, starting in January, Oasis Madrid was officially born as a church and Mountainview became solely a suburban church. Troy and Heather Cady, our former team leaders, will be moving into the city to work full-effort for Oasis Madrid along with Kelly Wills (also a former team mate of ours). Meanwhile, Richard and Riekje Wallace, also our former team mates, will be leading Mountainview together with a number of people who are already involved there.

As you can imagine, we were very excited to hear about the effort being expanded in the city. Over the two years that we lived in Madrid, we developed a real **HEART FOR THE CITY CENTER** and were excited to see that much of the ministry we established there will be continued and expanded into a church. Please pray for **OASIS MADRID** as they spend the next six months in an incubation time of making decisions together and as they seek to expand their ministry to include people of all ages who live in the city.

We were also excited to hear reports of **ONGOING TRIPS TO MOROCCO** to work in the orphanage there, an ever-changing worship ministry, and a real excitement for the Godly Play children's ministry curriculum. It was amazing to be able to go back and see how much God has done in Madrid and to be welcomed again by the community He has established there.

**BESOS** ("kisses"),

*Kelly + April Crull*

## **PRAYER REQUESTS**

- Praise for CAI's first worship arts conference this month.
- Praise for growing friendships in our Spanish Bible study group on Saturdays.
- Prayers for Kelly as he finishes three church websites he is working on.
- Prayers for April as she continues learning about conflict transformation in Europe.
