Furlough 2006

November 2006

This month our goal is to answer one question: What is furlough?

Informed Supporters

Furlough is an important part of our ministry; without it, we would not be able to do our job in Madrid. On a continent with very few churches or Christians, we need people who are praying for Spain, our church, and us and who are informed and committed to our ministry. If we are in your area this furlough, **please consider sharing a meal or having a coffee with us, so you can learn more about our work in Spain.**

Financial Support

Thanks to the continued financial generosity of many of you we have literally been able to start two churches in Spain in only four years, and as a result, see many of our friends journey toward Christ. Because of new costs, we need to raise an additional \$1400 a month by February 15th, 2007. **We ask you to consider supporting us monthly, or if you already support us, consider giving by EFT, which ensures that we receive your donation every month.** We are 100% supported by your donations. Training & Refreshment

Church planting is a 24-7 job, and in Spain training and resources are limited. Furlough gives us the time and opportunity to get training, read books in our field, pray with others, and spend time with family. This furlough we are specifically interested in learning more about the *Communities First* initiative, which calls churches to grassroots community development.

Update

- We moved out of our apartment in Castellón.
- We are now officially on staff with a new church plant in Madrid called Oasis Madrid.
- We are currently in the U.S. on furlough until March 18th, 2007.

For Prayer

- thanks for a healthy, growing baby girl.
- for Oasis Madrid church and their ministries to the poor:
 - serving sandwiches to the homeless
 - regular visits to an orphanage in Morocco
 - building relationships with other non-profits in Madrid.
- for new supporters who are committed to our ministry.
