

One of the greatest contributions we make to **Madrid, a Training Ground for Europe** is the leaders we mentor and train in our church. This month we introduce you to a handful of these leaders and the mission God has called them to in Europe.

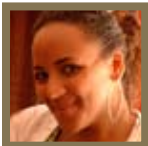

Amy Swacina finished her one year internship with Oasis Madrid in January and decided to stay on board with us long term. She's in the States now raising support and applying for her residence visa. Praise God she plans on returning in August!

Victoria Stembokas will graduate from college here in Madrid in December of this year. In anticipation of her graduation she began thinking about what was next. As a result, she applied to be on staff with Christian Associates. We're happy to say Victoria has been accepted on staff, so we look forward to having her on the team in the future.

Jonathan Steele is a young man whose life was transformed about two years ago. Many of his friends have asked about his change of lifestyle, so he recently started a discussion group called "God Night." Jonathan has now started a 3-month internship with Oasis Madrid.

Shani Kilasi is a close friend of ours who April began mentoring in 2003. Shani moved back to the UK to finish university, but since then, has returned to Madrid to be a part of the leadership community at Oasis Madrid. She is also considering joining Christian Associates.

Chris Peterson is 24 years old, a musician and a missionary kid from northern Spain. Chris speaks English, Spanish and Catalan, and wants to use music to reach Spaniards in the secular music industry. Actually, he invited Kelly to play guitar with him at a recent concert. In 2008 Chris plans on doing a 9-month internship with Oasis Madrid.

Blessings,

Kelly, April and Alleke Crull
Serving in Spain

For Prayer

- being a church community that is centered in Christ
- comfort to our homeless friends who recently lost a friend named José.
- our search for a building to rent in the city center
- many young leaders who are either interning or being mentored in our church
- rest for our staff over the summer as it has been another busy year.
- our teammate Amy who is in the US raising support
- our residency cards which are in the process of being renewed
- relationships we are building with the people in our neighborhood
- our dream of starting more churches in Spain
